SECT 3 OCT 1941 GOVT OF MYSORE

Sir,

Re The Machinery required for Kathral project

Adverting to Government Order No L 1147-51/M1 87-40-20 dated 8th August 1941 sanctioning the purchase of certain materials and machinery at an estimated cost of ₨ 76,000/- required in connection with the Kathral Project of Water Supply to the Chitaldrug Municipality, I have the honour to state that two high lift pumping units and two low lift pumping units are included therein

The Sanitary Engineer reports that the quotations for the above units received from the Secretary, Stores Purchase Committee were sent tothe Chief Electrical Engineer for opinion and that the cost of the units as per the opinion of the Chief Electrical Engineer will be ₨ 31,266/- as per details noted below

2 high lift pump units	₨ 21,410/-
2 low lift pump units	₨ 7,810/-
Accessories	₨ 2,046/-
Total	₨ 31,266/-

The provision made in the modified estimate for these items sent with this office letter No C 72-27 dated 16th September 1941 is as follows

(a) Two high lift pump units	₨ 15,000/-
(b) Two low lift pump units	₨ 4,500/-
Total	₨ 19,500/-

so that the net excess will be ₨ 11,766/-

The Sanitary Engineer is of the opinion that it is probable that prices will go up higher again if the purchase of the machinery is postponed He feels that it will be in the best interest of the work to accept the present quotations and place the orders for the machinery In view of this, I have this day
